Dear Sirs

**Planning (Listed Buildings And Conservation Areas) (Scotland) Act 1997
Perth City Halls, King Edward Street, Perth**

Thank you for your consultation dated 24 June and for allowing us extra time.

We have now considered your consultation on the demolition of City Hall and construction of a new City Square and comment as follows:

We are unable to come to a view on the basis of the information submitted to date. Should your Council be minded to grant consent we would expect a package of material which fully explains in detail your considerations and the reasoning behind the decision taken, especially in relation to Scottish Historic Environment Policy.

If you require any further information, please contact me.

Yours faithfully

Leigh Johnston

Heritage Management Team Leader (Historic Buildings North)
