

# Hackness Martello Tower and Battery **Bird bingo**

How many of these birds can you spot? Can you get three in a line?

## Gannet

I'm big and white with black wing tips. Look for me dive-bombing into the sea.

## Arctic tern

Look out for my black head, white body and elegantly pointed wings and tail.

## Black guillemot

Spot me offshore. I've got white wing patches and red legs.

## Eider duck

The males amongst us look like they're wearing a tuxedo. Our females are speckled brown and black.

## Curlew

Spot me with my long curved beak and long legs as I wade through the water.

## Cormorant

Watch for me fishing. I've got white cheeks unlike my cousin the shag.

## Great skua (Bonxie)

I'm stout and dark and know as the pirate of the seas as I chase other birds.

## Redshank

I have red legs and a red beak. Hear my call 'Tcheoo Tcheoo!'

## Herring gull

Spot my pink legs to tell me apart from other gulls.

## Bonus bird! Hen harrier

Watch for me hunting over areas of rough grassland and heather.
