Make Your Own Heraldic Shield

1. Attach your shield to a clipboard.

2. Explore the castle looking for shields.

3. Back in the Learning Room cut out your shield.

4. Design your shield, choosing symbols which mean something to you, using the information sheet to help you.

5. Take a strip of card and bend the ends over.

6. Tape it to the back of your shield. Let the strip curve away from the shield to allow space for your arm.
