

## Scotland's Community Heritage Conversations 2023: Exploring Potential

Hybrid event at The Engine Shed, Stirling and on MS Teams Wednesday 20 September

Responding to latest surge in Covid cases, for those attending in person, we would be grateful if you are able to align with the event's Covid safety approach. This guidance is designed to keep us all safe and ensure we all meet in person and still have a great time!

- Please do not attend the event if you have symptoms consistent with Covid - remember, this is a hybrid event so you can still take part by attending online.
- Don't feel inhibited about choosing to wear a face mask during the event if this is your choice: you will have your reasons and you don't need to explain them.
- Be sympathetic to requests to keep distance or increase ventilation.
- Use any hand-sanitising products that are provided.

Time	Item	Who	Where
