Queen Margaret

Colour in and cut out your character mask. Ask an adult for help when cutting out the eye holes. You can make a handle for your mask by taping a short stick or pencil to the back.

Did you know?

Queen Margaret brought the first monks to Dunfermline and set up a priory there almost a thousand years ago, in 1070. Margaret was very religious and after she died she was made a saint. You can still visit her shrine at the abbey.

Have fun performing with your Queen Margaret mask!
